PRESENTATIONS/COURSES

The Network for Public Health Law, Public Health Law Webinar Series. State Public Reporting Laws of Healthcare-Associated Infections. Presentations by Julie Reagan, PhD, JD, MPH of HAI Focus and Rick Hogan, JD, MPH, General Counsel of the Arkansas Department of Health. Originally recorded in 2011.

Norovirus in Long-Term Care Facilities. Online learning course created by Julie Reagan, PhD, JD, MPH of HAI Focus and offered through Pedagogy, Inc. This instructional course has been designed primarily for nurses and infection prevention and control practitioners working and caring for residents in long-term care facilities. However, other care providers such as epidemiologists, facility administrators, environmental services, and other long-term care staff members will find the course information useful. The course is designed to be applicable to various types of long-term care settings and follows the recommendations of the Centers for Disease Control and Prevention's latest 2011 HICPAC Guideline for the Prevention of Norovirus. Originally offered in 2012.

Preventing and Managing Norovirus in Healthcare Settings. Online learning course created by Julie Reagan, PhD, JD, MPH of HAI Focus and offered through Pedagogy, Inc. This instructional course has been designed primarily for nurses and infection prevention and control practitioners working and caring for patients in healthcare settings. However, other care providers such as epidemiologists, healthcare administrators, environmental services, and other healthcare staff members will find the course information useful. The course is designed to be applicable to all healthcare settings and follows the recommendations of the Centers for Disease Control and Prevention's latest 2011 HICPAC Guideline for the Prevention of Norovirus.
